

My name is Jeffrey (Jeff) Robert Stasell. My wife Katie and I have been Talega residents since December 2021. I am very interested in participating on the Board of Directors of the Talega Maintenance Corporation. I am a retired Aerospace / Defense contractor with military and government service.

I have served on various Boards, Councils, and Committees in youth sports, church, professional organizations, and corporations. I have served in various positions such as Treasurer, Vice President, President, Commander and Commodore for Little League, Air Force Association (AFA), National Management Association (NMA), and Tri-Counties Club. The most recent service with Tri-Counties Club was as Commodore (President) for a 501-c corporation managing the properties for a residential area. These efforts oversaw roads, grounds and water management for the corporation.

I would like to be an active part of our Talega community by serving in this capacity on the Board of Directors.
